

Appendix 2:

This is a picture of the notes that I wrote from my meeting with the MST to discuss about the best strategies to implement to rotate the students between carpet and center time.

Meeting with the MST about strategies to rotate students between carpet and center time.

* You have to say all the instruction before they move to the activity.

* Use an arrow on the floor.

* divide them into groups.

* Use a cards that has picture of the corner that they have to go to it.

* roll the ball and when the music stop they have to go to a specific corner.
